## Networkable 4-surface Copyboard!

### -Flagship Copyboard N-204

# Write Print Save

LAN cable

## N-204

- Features 4 writing surfaces & thumbnail print.
- Saves to a USB memory stick in color.
- Allows access to the scanned data via LAN.
- Uploads the scanned data to the WEB server .

# Network

## More advanced features

### Networkability is very convenient!

Designate the N-204 or a computer as a data storage. One-push operation keeps notes of your meeting in one place. Any computer can access to a data storage with your ID and Password!

### Smooth 4-surface Mechanism

The N-204 employs unique sheet mechanism to enable 4-surface writing and manual scroll.

### USB Port in FRONT

Because USB port for a memory stick is located in the front position of the board, it is so easy to use the USB memory stick.

### The Eco-Friendly Design with the lowest power consumption

The N-204 has achieved the lowest power consumption in the industry. (Only 12 watts operating power consumption) This can both save the environment as well as the running cost.

# More features

## Simple PC Connection!

Simply connect your PC to the Copyboard via the USB cable to allow you to save the content on the board. No software is required. Unplugging the USB cable will erase data on the board for security.

## Magnets attach to the board surface

First time for the sheet-type Copyboard ever, you can use magnets on the panel to attach the sheet materials. This feature brings versatility in Copyboard usages.

Note: Do not scan the board while magnets are attached.
